

ADVANCES IN MINERAL METABOLISM

<https://aimmmeeting.org/>

**The Advances in Mineral Metabolism AIMM/ASBMR
John Haddad Young Investigators Meeting
April 4 – 8, 2022**

35th SPECIAL ANNIVERSARY!!

The Advances in Mineral Metabolism AIMM/ASBMR John Haddad Young Investigators Meeting will be held Monday, April 4 (afternoon registration, plus an evening session) through Friday, April 8 (evening session), in Snowmass, Colorado.

The 2022 AIMM meeting will again take place at the Stonebridge Inn, slope-side in Snowmass Village CO, and will be a hybrid meeting with a Zoom component. We will be able to accommodate up to 70 registrants onsite.

This number is, of course, is based on NO social distancing requirements.

The goal of this conference is to discuss important or evolving concepts in bone biology and clinical bone disease in a small and informal group setting. Past participants in this meeting have enjoyed the relaxed environment and serious scientific and clinical discussions... and keep coming back!

The atmosphere is enhanced by the midday break (9:30am - 4:30pm), which most use to enjoy a variety of activities available in the Aspen/Snowmass area, such as downhill and cross-country skiing, tennis, hiking and relaxation. This is a great opportunity for young and more established investigators to discuss science and mentoring while having fun. One of the enjoyable features of this meeting has been the ability to combine an interesting scientific medical program with family recreation. We encourage you to bring your families.

We have reserved hotel rooms at The Stonebridge Inn, the meeting location, at a special rate of \$124/night single or double occupancy. There will be a \$25/night charge for each additional person 12 year old and over. Children under the age of 12 stay free in parent's room. <http://www.stonebridgeinn.com/aspen-colorado-hotels.php>

Listed rates for all accommodations do not include a taxable 6% Resort Fee and 12.8% Tax

PLEASE NOTE THAT THERE IS A NATIONAL SKI EVENT TAKING PLACE WHILE WE ARE THERE, SO PLEASE MAKE YOUR RESERVATION ASAP!

Destination Residences Snowmass will offer 20% off of the STANDARD RATES for units at all of the Destination Residence Snowmass Properties listed below. Rooms and rates are available on a Space Available Basis.

Tamarack Townhomes: 2, 3 and 4 Bedroom Units

Terracehouse Condominiums: 2 Bedroom Units

Stonebridge Inn – Hotel Rooms

You can find locations of these hotels/condos on the map at [RESORT MAP](#)

Because the office is currently implementing some technology changes, **you will need to call to make your room reservation.**

The rooms and rates are available only with call-in.

To Book by Phone: Call 800-922-7242

Be sure to tell the Reservations Agent you are with AIMM

Room Reservations must be made by February 2, 2022 in order to get the meeting rate, BUT IT IS POSSIBLE OUR BLOCK WILL FILL BEFORE THAT.

PLEASE BE SURE TO INDICATE THAT YOU ARE AN AIMM/ADVANCES IN MINERAL METABOLISM REGISTRANT.

When our room block is filled, rooms at The Stonebridge Inn can be reserved on a space-available basis only.

Snowmass is located close to Aspen. There are three airports that service the conference site: the Denver International airport (approximately a 4h drive); Vail/Eagle airport in Vail (2h drive), and Aspen airport (complimentary shuttle to hotel).

Shuttle buses are available from Denver, and some participants arrange for carpooling when convenient.
