

**The Advances in Mineral Metabolism AIMM/ASBMR
John Haddad Young Investigators Meeting
April 8 - 12, 2024**

The Advances in Mineral Metabolism AIMM/ASBMR John Haddad Young Investigators Meeting will be held Monday, April 8 (evening session) through Friday, April 12 (evening session) in Snowmass, Colorado. The 2024 AIMM meeting will again take place at the Stonebridge Inn, slope-side in Snowmass Village CO. We plan to be able to accommodate up to 80 registrants onsite.

The goal of this conference is to discuss important or evolving concepts in bone biology and clinical bone disease in a small and informal group setting. Past participants in this meeting have enjoyed the relaxed environment and serious scientific and clinical discussions... and keep coming back!

The atmosphere is enhanced by the midday break (9:45am - 3:00pm, at which time Meet-the-Professors, debates, panel discussions, or mentoring sessions begin). Most use the midday break to enjoy a variety of activities available in the Aspen/Snowmass area, such as downhill and cross-country skiing, tennis, hiking and relaxation. This is a great opportunity for young and more established investigators to discuss science and mentoring while having fun. One of the enjoyable features of this meeting has been the ability to combine an interesting scientific medical program with family recreation. We encourage you to bring your families.

Meeting registration and lift ticket order forms will be sent in early December since we do not make bank deposits for the meeting before January 1... although we advise making room reservations as soon as possible due to competition for rooms with other groups.

Snowmass is located close to Aspen. There are three airports that service the conference site: the Denver International airport (approximately a 4h drive); Vail/Eagle airport in Vail (2h drive), and Aspen airport (complimentary shuttle to hotel).

We have reserved hotel rooms at The Stonebridge Inn, the meeting location, at a special rate of \$124/night single or double occupancy. There will be a \$25/night charge for each additional person 12 years of age and over. Children under the age of 12 stay free in parent's room.

Listed rates for all accommodations do not include a taxable 6% Resort Fee and 12.8% Tax

NOTE THAT THERE IS A NATIONAL SKI EVENT TAKING PLACE WHILE WE ARE THERE, SO DEMAND IS HIGH. PLEASE MAKE YOUR RESERVATION ASAP!

Destination Residences Snowmass will offer 20% off of the STANDARD RATES for units at all of the Destination Residence Snowmass Properties listed below. Rooms and rates are available on a Space Available Basis.

Aspenwood: Studio and 2 Bedroom Units
